

# CX Expanders

Two fast and easy solutions to upgrade your build. Add, or expand circuits instantly.

## CX6-M

6 configurable circuits as a stand alone item, or as an expansion on any of our CH Harnesses.

- Custom lasered faceplate to match the custom printing on the wires.
- Two x10 gauge and four x16 gauge, with 6 foot outputs standard. GXL/TXL wire to SAE J1128.
- All 6 outputs can be switched to be either hot or ignition type, just by changing the fuse's position.
- Full 5 year exchange warranty, as always.

## CX4

4 Circuits in a tiny box, ready to be installed in any location. Get More Out of your Existing Harnesses.

- 4 ignition controlled outputs. Simple. Clean. Cost effective.
- A low current Ignition Signal Boost Module, with a LED indicator upon Ignition signal.
- Made in the USA, like the rest of our product line.
